John Herbert, Jr., a brother of Miss Herbert, and her cousin, James Helme, will serve as pages.

Only relatives and a few intimate friends will be present at the ceremony. Miss Grace Lee Middleton will serve as maid of honor, and there will be three flower girls, Miss Louise Moore, Miss Florence De Graw and Miss Drucilla Everett. James C. COURT UPHOLDS RIGHT OF GOVERNOR TO ARREST

CHARLESTON, W. Va., April 22.—E. T. Mann, a Socialist organizer, arrested at the instance of Governor H. D. Hatfield after the alleged receipt of forty rifles, and released on bail through habeas corpus proceedings, was yesterday remanded to jail without bail. The case is an outgrowth of the miners' trouble in West Virginia. Judge T. J. McGinnis, of the Raleigh Circuit Court, held that under Supreme Court decisions given in military cases he had no jurisdiction.

After the alleged shipment of rifles to Mann, Governor Hatfield immediately ordered his arrest. The decision upholds the authority of the Governor to arrest and detain inside or outside martial law zone persons aiding and abetting an insurrection.

POLICE GUARD TO KEEP BOYS FROM COURT HOUSE

On account of the numerous complaints received about mischievous boys who congregate around the Lincoln statue in front of the Court House, the police commissioners yesterday afternoon detailed Patrolman Schmidt to guard the statue between the hours of 1 and 9 p. m.

Formal charges of being intoxicated while on duty were received against Patrolman Ryder, of the Fifth precinct, and he will be placed on trial at the regular meeting of the board next Thursday. Ryder was recently fined for a similar offense, and at that time was warned not to be brought before the board again on such a charge, it being announced that any member being convicted of such an offense would be dismissed from the department.

The Civil Service Commission notified the board that its request to extend the time on the eligible list of sergeants past the two-year period was denied.

ROBES FOR JUDGES

BOSTON, April 22.—The justices of the Massachusetts Superior Court, who now preside over their sessions in the ordinary frock coat, are to wear judicial robes similar to those worn by judges in higher courts of the country, it has been announced. The decision to purchase the robes, which has been worn since the institution of the Supreme Court of this State, was made during a conference of all the justices of the Superior bench.

FARMERS DEFEAT WOMEN

LANSING, Mich., April 22.—Official returns of the vote on the woman suffrage amendment to the State constitution, now nearly complete, disclose that the country voters, instead of offsetting the anti-suffrage vote of the cities, as they did last fall, completely reversed their former verdict and went as heavily against the amendment as did the city electorate. The suffragists were beaten by at least 100,000 majority.

RESINOL STOPS SKIN TORMENTS

How This Wonderful Ointment Ends Itching and Heals Eruptions.

The soothing, healing medication in Resinol Ointment and Resinol Soap penetrates every tiny pore of the skin, clears it of all impurities, and cures itching instantly. Resinol positively heals eczema, rashes, ringworm, and other eruptions, and clears away disgusting pimples and blackheads, when other treatments prove worse than useless.

Resinol is not an experiment. It is a doctor's prescription which proved so wonderfully successful for skin troubles that it has been used by other doctors all over the country for eighteen years. No other treatment for the skin now before the public can show such a record of professional approval. Every drug store sells Resinol Ointment and Resinol Soap, but you can test them at the expense. Just write to Dept. 11-8, Resinol, Baltimore, Md., and we will send you a generous trial by parcel post.

SUFFRAGETTES WILL HONOR JERSEY WOMAN

The Rev. Antoinette Brown Blackwell

THE REV. ANTOINETTE BROWN BLACKWELL, of Elizabeth, N. J., a suffrage campaigner of 1848, who attended the first suffrage convention held at Seneca Falls in that year, will be one of the features of the New York suffrage parade on May 3. Mrs. Blackwell will be drawn in a flower-bedecked chariot by a bevy of pretty young suffragettes.

HOMEOPATHS WILL VISIT MONTCLAIR

Montclair will be the mecca for the annual pilgrimage of the members of the New Jersey State Homeopathic Medical Society this year, and the week end of May 3 will bring together some of the brightest medical men of the State at the Hotel Montclair. The importance and seriousness of the problems at this convention will no doubt interest every doctor allied to this creed of the medical profession, and an unusually large attendance is anticipated for this yearly event.

The officers of the society for this year are: President, Frank P. Eklings, Paterson; first vice-president, Alfred W. Westney, Atlantic City; second vice-president, Charles H. Church, Newark; third vice-president, C. W. Perkins, Princeton; recording secretary, A. N. Atkinson, Trenton; corresponding secretary, Charles P. Hadley, Camden; treasurer, Llewellyn E. Hetrick, Newark.

Among the physicians of this city who are interested are Drs. G. H. Allen, W. G. Baker, E. H. Baldwin, F. W. Beggs, Mary E. Broadway, P. S. Carpenter, C. H. Church, Joseph Coghlan, E. M. Cooper, E. D. G. Conkling, E. M. Easton, Etta Foley, A. J. Hulet, Minnie J. Lawrence, F. B. Mandeville, C. Morrison, J. K. Mulholland, William Satterer, B. H. Sleight, Sara D. Smalley, A. B. WASTE PRODUCT MILLS MAY CUT LIVING COST

CAMBRIDGE, Mass., April 22.—The establishment of factories to utilize the waste products of the farm would increase the profits of farmers and reduce the high cost of living, in the opinion of Professor T. N. Carver, of Harvard University. Professor Carver, who has been appointed director of the newly-created rural organization service of the United States department of agriculture, said today he believed "the middleman" could not be eliminated by any system. He stated, however, that efforts would be made to make the "middleman" come to terms where his profits are excessive.

HAS STRAP-HANGER BUMP

ST. LOUIS, Mo., April 22.—Did you ever see a strap-hanger bump? W. M. Price, of 5507 Vernon avenue, has one from riding on St. Louis street cars for thirteen years. Price's sign manual is the second finger of the right hand. In all his years of strap-hanging this finger, he says, is the one that has stood the brunt of the accompanying pressure and strain.

DARROW TO RESUME LAW

CHICAGO, April 22.—Clarence S. Darrow returned yesterday for the first time since he left Chicago two years ago to defend the McNamara brothers, on trial at Los Angeles for dynamiting. He had little to say of his plans, except that he hoped to resume the practice of law after a long rest, and declined to discuss his trial on charges of jury bribing.

DOG SAVES GIRL IN OCEAN

VENICE, Cal., April 22.—Rover, a big Newfoundland dog belonging to Mrs. Frank Hartley, plunged from a pier here yesterday, swam out into the ocean forty feet, and with her clothes in his teeth brought to shore his mistress's 8-year-old daughter, who had fallen into the sea and could not swim.

5,000 PUPILS UNFIT

BOSTON, April 22.—Five thousand children in the public schools are so weak physically that their instruction is of no value to them, states Dr. Thomas F. Harrington, director of hygiene, in his report submitted to the school committee. He recommended a school located on an island in the harbor, or some open place in the suburbs for children of this kind.

THEY GIVE AID TO BOYS IN TROUBLE

Officers and directors will be elected at the next meeting of the "Big Brothers," an organization formed to lend a helping hand to the boy in trouble, which will be held at the call of the chairman. The "Big Brothers" organized last December and held their first formal meeting last night in the Court House. Richard Hartsborne, temporary chairman, appointed a committee on nominations, which will report at the next meeting.

Judge Patrick J. Dolan, of the Juvenile Court, served as honorary chairman at the meeting and explained that the court proposed to educate and redeem boys, rather than punish them.

"The method in each case widely differs," continued the judge; "there are those who would have us make a boy good, in spite of himself. They forget that a boy has not been sent to me until all other means for betterment have been tried. From my experience I have found little good can be accomplished, if we, by over-indulgence, let them lose the respect of the law. The boy must be made to understand that he cannot do as he pleases because of his youth."

Ninety per cent. of the criminals are young men, declared John S. Baird, a member of the "Big Brothers," of New York, who said that statistics proved this fact. He told of the work done by the organization in New York. He was followed by A. V. Hamburg, president of the Board of Trade, who dwelt on the responsibility of the Juvenile Court in shaping the future of many young Newarkers. He added that the business interests of the city were deeply grateful for the work carried on by the court.

Other speakers were Mr. Hartsborne, the former State senator, Everett Colby, L. Stomaker, secretary of the State Charities Aid and Prison Reform Association of New Jersey, and Ivan P. Flood, city secretary for boys' work of the Y. M. C. A.

The slate, as prepared by the nominating committee, is: President, William Tallmadge Hunt; vice-president, Philemon Lyman Hoadley; secretary, Herbert R. Crane; treasurer, Benjamin J. Coe; historian, the Rev. Lyman Whitney Allen; chaplain, the Rev. Masheem Steek Waters; board of trustees, William J. Blumenthal, George Boggs, Henry M. WASHINGTON, April 22.—Charles Ray, Director of the United States Commission, appointed by President Taft in 1911 to attend the International Exposition in Turin, today displayed to friends the Italian decoration of the Order of the Crown, bestowed on him by King Victor Emmanuel. The presentation was made through Marquis Cusani, the Italian ambassador, who declared his royal master invested Mr. Dean with the order "in recognition of services rendered in promoting commerce and good feeling between the two countries."

Other Americans on whom the Italian monarch has conferred the honor are Francis B. Loomis, of Springfield, O.; Charles C. Moore, of San Francisco, president of the Panama International Exposition, and Robert N. Lynch, of San Francisco, vice-president of the California Development Board.

CARDINAL GIBBONS GIVES REPLY TO SUFFRAGISTS

BALTIMORE, April 22.—Cardinal Gibbons is an interview yesterday said the Catholic church as such had not taken a stand against woman suffrage. His eminence made this statement in reply to one given out Saturday by Miss Inez Milholland, a suffrage worker, of New York, who said the Catholic church was attempting to prevent women from getting the ballot. He made it clear he did not wish to take issue with the suffragists, but said he did not mind explaining his personal position.

CONNECTICUT GOVERNOR PREDICTS UNITED CHURCH

HARTFORD, Conn., April 22.—Governor S. E. Baldwin yesterday, in a remarkable prophecy, predicted that all the present denominations of the Protestant faith would at some time become united, and that possibly the Protestant religion would, through Lutheranism, become allied with the Roman Catholic Church, thus making one church of the Christian faith, really catholic in its scope.

"The Lutheran communion, in its view of the Lord's supper, occupies a position near to that of the Catholic Church," said Governor Baldwin, "and could therefore more fittingly assume a mediatorial position."
